## Adoption Application

Date of Application:  /20

### Adopting from Husky Rescue

We are so pleased that you want to offer one of our dogs a forever home. To match you with your perfect Husky we need to gather some essential information. As soon as we receive your application we will schedule a home check. You will then be invited to the Husky Rescue SA Haven to meet your potential family member.

All our dogs are microchipped, vaccinated, sterilised and given tick & flea prevention medication. As we are a Non Profit Organisation we would appreciate your help in funding our operating costs. Each dog costs us a minimum of R1 500.00, which is subsidised by our adoption fee of R1 000.00.

If you wish to add a donation to the fee the dogs would be very grateful. **R1000 fee**  **Donation**

Applications can take up to 7 days to process. Please provide as much detail as possible as this will help accelerate the process.
